☐ GIG TITLE (SEO Optimized & Eye-Catching)

I will develop a powerful Flutter service booking app for your local business

---

☐ GIG DESCRIPTION (High-Converting)

🚀 **Want to digitize your local business?**
I will develop a modern, high-performance **Flutter-based service booking app** tailored for your business — whether you run a **salon, electrician service, therapist practice, or home cleaning company**.

With clean UI, fast loading, and smooth booking flow — your customers will love using your app!

🔧 What You'll Get:

✅ Cross-platform Flutter app (iOS + Android)
✅ Real-time booking & appointment system
✅ Service provider profile system
✅ Customer login/signup with Firebase
✅ Admin dashboard (optional: Laravel or Firebase)
✅ Push notifications (booking updates)
✅ Stripe or PayPal integration
✅ Location-based filtering (optional)

💼 Ideal For:

- Beauty salons
- Home service providers (cleaners, electricians)
- Freelancers (therapists, massage, tutors)
- Local agencies (car wash, plumbing etc.)

🛠 Tech Stack:

- Flutter
- Firebase / Laravel backend
- Stripe / PayPal
- Google Maps API (for location filter)
