2. **Wearable Device Integration** – *+$80*
3. **Advanced AI Analytics Setup** – *+$60*
4. **App Store/Play Store Submission** – *+$40*
5. **Post-delivery Support for 1 Week** – *+$30*

Frequently Asked Questions (FAQ):

❓ **What platforms will the app support?**
The app will be developed for **Android**, **iOS**, or as a **Web app** depending on your needs.

❓ **Can I monetize the app?**
Yes! I can integrate **in-app purchases** or a **subscription model** for monetization.

❓ **Do you provide the AI logic for invoice generation?**
I'll implement **AI algorithms** for invoice automation based on your business structure and needs.

❓ Is the app secure?
Absolutely. I will ensure **end-to-end encryption** and **secure data storage** to protect sensitive business data.

❓ Will you provide app submission to app stores?
Yes, I offer **App Store** and **Play Store** submission support as an extra service.

Order Requirements:

1. Preferred platform (Android, iOS, or Web)
2. Business type and specific requirements
3. Logo and branding assets (if available)
4. Any specific **AI features** or **analytics** you need
5. Timeline and budget flexibility
6. Additional services or features you want included
