Frequently Asked Questions

- Can I pay for my Electric Bike in parts?

Yes, you can ride Joyor in the rain with the general slippery road precautions. Do not ride or place the scooter anywhere with a water level higher than 5cm, in order to avoid potential damage of the battery and other parts, Electric scooter models with big 10" wheels X and Y are more stable on the slippery roads than electric scooter models with smaller wheels H1, A and series. You can check other Joyor electric scooter safety instructions in the User Manual.

+ Does Electro ship to Europe outside United Kingdom?
